

PROTECTIVE INDUSTRIAL PRODUCTS

Performance through Innovation

# Journeyman C5 Impact

Code # 120-4100-A

### Product Description:

MaxiTek Journeyman C5 Impact gloves are designed for maximum safety & performance. Made from premium materials; Hi-Vis cow leather is re-enforced on the palm & fingers and a full para-aramid high cut & heat resistant liner gives **360° cut protection**. Hi-Vis TPR protection added to the back of hand & fingers provides crush & impact reduction.

- **Full (360°) ISO 13997** Cut 5 / level E protection with FR liner in Para-aramid
- **High Grade** supple & liquid resistant leather palm
- **Contact Heat Resistant to 180°C**
- **TPR moulded** crush & impact ANSI/ISEA level 2 protection to fingers & back of hand
- **Kevlar Matt** Thumb crotch reinforcement and grip enhancement
- **Hi Vis Palm** for signalling

### Applications:

- Construction / Rigging
- Demolition / Recycling
- Mining / Resources
- Oil & Gas
- Transport
- Steel Fixing
- Heavy Industry
