

VR-X 180

General Purpose

Code # 33-VRX180

Product Description:

G-TEK® 33-VRX180 General Purpose. The VRX Glove is a world first ultra thin single layer Polyurethane coated / reusable glove with 18 gauge Nylon liner. The combination of strength, durability & ultimate dexterity provides a better solution to the traditional Nitrile disposable use.

- **Complete 360 liquid proof** coating to the wrist area
- **Absolute Perfect Fit** and control at the finger tips
- **Touch screen** compatible to allow the user to operate a touch screen phone or device without removing gloves
- **VRX “Advanced Barrier” Technology** to render inactive the spread of Virus & Bacteria
- **Individually Packed & Sealed** for Hygiene
- **Wet & Dry grip**
- Silicone Free
- **Tested effective** up to 6 wash cycles

Applications:

- Workshops / Assembly
- Lubrication Service & Maintenance
- Water Utilities / Irrigation
- Refineries, Oil & Gasworks
- First responders / Enforcement
- Border Security
- Small Parts Handling
